Making Bamboo Floors Shine. The biggest enemy of wood flooring is regular wear, which can scuff and dull the wood finish and even scratch or wear down into the wood itself. To make sure that you can keep your bamboo floors shining bright, you need to have a routine that includes regular maintenance and floor care.

**5 Brilliant Ways to Make Bamboo Floors Shine**
All of this is done in three stages: First you rough out a rod blank, splitting the bamboo stem to stern, kiln drying it, and then planing it into long triangular strips — a set of six strips for each section of the rod. In the second stage, you taper the triangular strips with a block plane and a special metal form.
How to Make a Bamboo Fly Fishing Rod | Plans | Woodworking
To make a bamboo flute get a piece of bamboo 12 to 18 inches long. On the side of your choosing, drill holes starting about 3 inches from the top, drilling one every 1 1/2 to 2 inches. Using sand paper, sand down the top of the bamboo where you would blow, so it does not poke the lips when blown into.
