Love Water Memory
Jennie Shortridge is the author of five bestselling novels: Love Water Memory, When She Flew, Love & Biology at the Center of the Universe, Eating Heaven, and Riding With the Queen. She is an avid volunteer and mentor, and is co-founder of Seattle7Writers.org, a nonprofit collective of authors that raises money and awareness for literacy.

Love Water Memory by Jennie Shortridge - Goodreads
Love Water Memory was inspired by a news article in the Seattle Times in 2006, about a man who disappeared for six weeks, having suffered from dissociative fugue. His fiancée found him much in the way Grady found Lucie, and they began their lives together again even though he didn’t remember her.

Love Water Memory by Jennie Shortridge (2015, CD MP3)

Water is what unites all mankind and life in general. Our body consists of 60% to 70% water. The planet’s surface is mostly covered by water. The amazing water. Scientists have concluded that some properties of water are unique and can not be explained entirely by the laws of physics. For example, water is the only chemical compound that can exist in three forms: liquid, solid, and gaseous ...

A woman awakes knee-deep in the frigid San Francisco Bay, clueless as to how she got there—and who she is. So begins Lucie Walker’s second life in Jennie Shortridge’s heartfelt fifth novel, Love Water Memory, an appealing examination of the puzzle of identity and the enduring power of love. A handsome,
loving fiancé comes to claim Lucie, and, nervous but willing, she returns to the ...

**Book Review - Love Water Memory by Jennie Shortridge**

Water memory is the purported ability of water to retain a memory of substances previously dissolved in it even after an arbitrary number of serial dilutions. It has been claimed to be a mechanism by which homeopathic remedies work, even when they are diluted to the point that no molecule of the original substance remains. Water memory contradicts current scientific understanding of physical ...

**Water memory - Wikipedia**

Masaru Emoto (江本 勝, Emoto Masaru, July 22, 1943 – October 17, 2014) was a Japanese businessman, author and pseudo-scientist who claimed that human consciousness can affect the molecular
structure of water. Emoto's book The Hidden Messages in Water published in 2004 was a New York Times best seller. Emoto's conjecture evolved over the years, and his early work revolved around pseudo ...
